CSS3  
CSS Frameworks (Tailwind)  
Typescript  
Git  
React  
NextJS  
Firebase

## Projects

Please view my portfolio site for a full list of projects including links to live builds and code.

## Education

**A Levels:** Maths, Chemistry, Physics

**Newcastle University:** Electrical and Electronic Engineering with final year project (Digital Audio Processing Using Multicore Microcontrollers)

## Experience

**August 2020-Present:** Technical Director at neurify.

**Points to note:**

- Development of main site based off of illustrations using WordPress and Elementor
- Development of daughter site (Nice and chill) using PHP and SQL(Mock up).
- I started my role at neurify in august 2020. This was my first introduction to web development and since then I have picked up the other skills listed above.
